Status Check on Certificate of Correction

Sir,

The Applicants, on April 26, 2007, through the Electronic Business Center – Private Pair System, filed a request for the issuance of a Certificate of Correction in respect of the above-noted patent.

On December 3, 2007, a message to the USPTO was returned by Omega Lewis instructing the Applicants that there was no record of the filing of a request for a Certificate of Correction (although it appears on PAIR) and it was requested by Mr. Lewis that a copy, with the filing confirmation, be faxed to the Certificate of Correction Branch. The copy was faxed on December 4, 2007 (copy enclosed).

A message was left with the Certificate of Correction branch on February 5, 2008 following up on the progress of the issuance of the Certificate of Correction. The call was not returned.

A further follow-up call was made on February 20, 2008 which was not returned.

The Applicants respectfully request a status check on the filing of the Request for a Certificate of Correction filed on April 26, 2007.

Respectfully submitted,

/Jonathan David Cutler/
